Open Choice UK + Ireland (36/48weeks)

If you are worried your English level isn't high enough to apply for a General Student visa for the UK then why don't you consider studying in the UK and Ireland? You can stay in the UK for 6 months, and Ireland up to 6 months, maximum 12 months in total without a General Student Visa!

Eurocentres offer Open Choice (24,36,48 weeks) and you can study at a different location every 12 weeks. For example, you can study in the UK for 6 months followed by Dublin for 3 months or 6 months. In this case, you can study on a Student Visitor Visa. You do not require a General Student Visa.
